

Sunday noon.

Dear Louise:-

As the Schroeders are going to Kingston and have kindly offered to take a package to you am sending a few things if they are not right or you need any thing else you can let me know.

We came home Sat. night - left Plymouth about 6:15 - drove up to the school but the bedrooms all seemed to be dark and the first floor of the buildings were all lighted up so thought you were probably at supper. got home about 9:30. found Aunt Jennie here and every thing alright. Ellie says Helen is a good cook
